

Ulster GAA Coaching Resources

Introduction:

Ulster GAA has, for many years been working at the forefront in the production of resources to develop our players as they progress along the 'Long Term Player Development Pathway' (LTPD).

Our experience has led to the original LTPD model being extended to include development of a younger age group through a Foundation, Key Stage One & Key Stage Two programme that complements the original 'Fundamentals', 'Learn to Train' and 'Train to Train' stages of the player development pathway.

As part of our on going support to teachers and coaches a series of coaching resources from our manuals can now be purchased from the Ulster GAA website www.ulster.gaa.ie to assist with the preparation of classes and coaching sessions that will challenge and improve students and players alike.

The sessions come in a structured format with progression from age 5-6 years through to adult. Rather than having to purchase an expensive manual coaches/teachers can now purchase only those sessions that will be relevant to the age group that they are coaching/teaching.

All sessions are easy to download and can be paid for using the on line Pay Pal account on the Ulster GAA home page. To download a session, simply identify the age group you are working with and the type of sessions that you would like to use to develop your class/team e.g. A teacher working with a group of Primary 3 pupils on handling skills should click on Key Stage One followed by Handling, the sessions will then be automatically downloaded to the teacher's computer following payment of the appropriate fee. Each session can be printed out or retained on the computer where a bank of resources can be built up over time.

Available Resources

Key Stage One - Ages 5-8

Handling Lessons	32 Lessons + End of Stage Tests
Kicking Lessons	32 Lessons + End of Stage Tests
Striking Lessons	32 Lessons + End of Stage Tests

Key Stage Two – Ages 8-11
